

Przemysław Kasiak

Lista publikacji

1. Kasiak, P., Kowalski, T., Klusiewicz, A., Zdanowicz, R., Ładyga, M., Wiecha, S., Mamcarz, A., & Śliż, D. (2024). Recalibrated FRIEND equation for peak oxygen pulse is accurate in endurance athletes: the NOODLE study. *Scientific Reports*, 14(1), 1-8.
2. Kasiak, P., Kowalski, T., Rebis, K., Klusiewicz, A., Starczewski, M., Ladyga, M., Wiecha, S., Barylski, M., Poliwczak, A. R., Wierzbinski, P., Mamcarz, A., & Sliz, D. (2024). Below or all the way to the peak? Oxygen uptake efficiency slope as the index of cardiorespiratory response to exercise-the NOODLE study. *Front Physiol*, 15, 1-12.
3. Kasiak, P., Kowalski, T., Rebis, K., Klusiewicz, A., Sadowska, D., Wilk, A., Wiecha, S., Barylski, M., Poliwczak, A. R., Wierzbinski, P., Mamcarz, A., & Sliz, D. (2024). Oxygen uptake efficiency plateau is unaffected by fitness level - the NOODLE study. *BMC Sports Sci Med Rehabil*, 16(1), 1-10.
4. Kasiak, P., Kowalski, T., Rębiś, K., Klusiewicz, A., Ładyga, M., Sadowska, D., Wilk, A., Wiecha, S., Barylski, M., Poliwczak, A. R., Wierzbinski, P., Mamcarz, A., & Śliż, D. (2024). Is the Ventilatory Efficiency in Endurance Athletes Different?—Findings from the NOODLE Study. *Journal of Clinical Medicine*, 13(2), 1-13.
5. Kasiak, P. S., Wiecha, S., Cieslinski, I., Takken, T., Lach, J., Lewandowski, M., Barylski, M., Mamcarz, A., & Sliz, D. (2023). Validity of the Maximal Heart Rate Prediction Models among Runners and Cyclists. *J Clin Med*, 12(8), 1-12.
